Removable glass lid
Sliding drawer type
Easy removable inner door glass
Adjustable feet
Overall dimensions (HxWxD): 85x60x60cm

FEATURES

FULL GLASS DOOR
This innovative system allows better insulation, and a simple way for cleaning its wide smooth surfaces with the inner glass easily removable.

BUILDING-IN
All the De'Longhi free standing collection has been developed and approved to be used as building-in, in contact with furniture in the kitchens.

FORNO PRINCIPALE

OVEN LIGHT
The light within the cavity allows to see and check food cooking

GRILL
Ideal for browning and grilling food that needs high temperatures on surfaces like veal and beef steaks, filet, hamburger and all vegetables.

DEFROSTING
Using the fan function only spreads air uniformly and evenly throughtout the cavity to defrost quickly frozen food.

FAN GRILL
Using the fan cooking function together with the grill makes gratining and grilling faster, with a better heat distribution, leaving the surface of foods unburnt.

GAS BOTTOM BURNER COOKING MODE
Traditional gas cooking mode.

GAS FAN COOKING MODE

The gas fan cooking mode allows temperature to be spread uniformly inside the cavity, improving coking performance and reducing consumption. It is possible also to cook at a temperature of 130°C without the risk of flame estinguishing.
